"Hiring and firing"

Rhubarb hits at HGH meet

A special meeting to amend article 7, Section 3 of the by-laws to be held at 7 p.m. next Tuesday was called Tuesday by the Hancock County General Hospital's Board of Trustees after a verbal explosion, complete with loud and angry voices and occasional not too veiled threats, erupted just when it looked like an unusually short meeting would end.

MTO impact woes eyed

with mayors

Governmental officials and area mayors conferred Tuesday at an informal luncheon and meeting designed to ease their mutual problems when activity at MTO speeds up, now scheduled for this summer.

change in tempo was touched off when Trustee Hubert Thigpen moved the appointment of a committee, with Trustee Cornelius Ladner to be chairman with authority to appoint other members, to look after the "hiring and firing" of employees, explaining that he thought the employees needed some protection.

Ladner immediately seconded the motion while Trustee Kenneth Pepperdine and Board President T. T. Reboul, Jr., asked Thigpen why he thought such a committee was needed. Reboul saying he didn't think any employee had ever been fired, Thigpen repeated that he just thought there should be some committee to look after employees rights and that didn't think an employee should be subjected to abuse and asked, "How would you (Reboul) like it if after working 40 hours you were called up at home and told you had done something wrong?" and that not just once but several times.

During most of this Ladner kept calling for a vote on the matter and Reboul said he was president of the board and as long as he was running the meeting no vote would be taken until all members had discussed the matter.

Only easements were secured on two tracts totaling 41.29 acres at a cost of \$43,750. The remainder was outright purchase.

Spring, Pilgrimage due

Spring arrives next Thursday and so does the 16th annual spring pilgrimage of the Mississippi Coast Council of Garden Clubs in the Bay-Waveland area.

The tour, under auspices of Bay-Waveland and Town and Country Garden Clubs with Mrs. Ruth Woods Luderbach as local chairman, will open with coffee from 9:30 to 10:30 a.m. at the garden of Mr. and Mrs. William Odgen, 230 Coleman Ave., Waveland. Next on the itinerary will be the buildings and grounds of Christ Episcopal Day School, 920 South Beach, Bay St. Louis, after which the pilgrims will view Demonduzin's Apothecary Shop at 120 South Beach and enjoy coffee from 11 a.m. to 2 p.m. at a sidewalk cafe to be installed just across the street.

A box luncheon will be served at noon at the Garden Center, 116 Leonhard Ave., where antique molds and cookie cutters will be displayed. On the calendar for 1:30 p.m. is the home of Mrs. Frank Kiefer, 800 Dunbar Ave., where junior garden club members will assist the hostesses.

St. Charles Street next will be displayed as a renovated area where the anti-litterbug cam-

paign has been at work as the visitors continue to Little Mirrored, home of Mrs. Luderbach at 207 St. Charles, from 2 p.m. to 4 p.m.

Reservations for the box luncheon may be made by calling Mrs. Luderbach at 407-4450; Mrs. Frank Embrey at 407-5283 or Bay-Waveland Yacht Club at 407-4592.

The Bay High School choir will entertain at the Kiefer home with Mrs. Toy Tedford directing. Also featured there will be an Oriental exhibit including the collection of Japanese etchings of Robert Geiger, Waveland artist.

Mrs. Luderbach urged new-comers to the area to take advantage of the pilgrimage to view many items of local interest, noting there is no charge at any stop on the coast. Mrs. S. K. Keppen, president of Town and Country Garden Club, is handling that group's part of the program for the tea and the sidewalk cafe.

Originally scheduled to open at Long Beach Sunday, the 1963 pilgrimage will have its first stop at Gulfport March 20, Long Beach having cancelled because of severe damage to gardens there in the winter freeze. Bay-Waveland stop is March 21; Pas-

caign 1 to March 23, Biloxi March 24 and Pass Christian concludes the tour on March 26. Mrs. Walde Cato of Bay St. Louis is general chairman.

Items on the schedule at Gulfport are registration at Chamber of Commerce, magnolia farm of

MSFC visitors get "brotherly" advice

The problems of reaching the moon in this decade and the problems likely to arise in this area as a result of that effort occupied a delegation of Hancock and Harrison County officials on an orientation trip last Friday to the National Aeronautics and Space Administration installation at Huntsville, Ala.

NASA scientists and leading administrators at the Marshall Space Flight Center provided the formal program, explaining the mission with which Uncle Sam has charged them to put an American team on the moon. Huntsville and Madison County leaders joined the 30-odd member party at luncheon to offer "brotherly" advice on what to

expect, how maybe to get ready, and other incidentals which were the paramount items in the practical minds of most of those making the trip.

"I feel the community coming closest to furnishing all the facilities these people are used to and are looking for on the coast will get the prize share," observed Gulfport J. K. Milner at the luncheon.

When a weak O washer on the liquid oxygen line postponed for one day the Saturn booster static test scheduled as the piece de resistance of the trip, Marion L. Kent, assistant to the deputy director of administration of MSFC and basically liaison man from Huntsville to Mississippi Test Operations, filled in on the program and took Milner's remarks as his text.

How do you prepare for an impact when you're not getting it yet? Kent wondered. He repeated figures presented to the Hancock County board of supervisors earlier this year on the impact already realized on the coast economy from the 113 Michoud operations employees out of the 4,158 there, who are living in the Magnolia State. (24 are in Bay St. Louis, 22 in Waveland, 27 in Picayune, 11 in Pass Christian, six in Pearl River and five in Gulfport.) Besides that, he noted, are those from the corps of Engineers, the MTO core, Raytheon Corp., etc.

His chart of informal estimates, which MTO manager Capt. William Fortune later observed might be "very conservative," are reproduced in picture form on Page 4 of this issue.

Kent opined that a large influx of trailer population may not be experienced but urged governmental units in this area not to relax strictings or zoning in this field or "it can be your biggest problem." Presumably this follows Captain Fortune's mention that the federal government is insisting that every contractor use local help to the fullest extent.

Trailers were the first topic after luncheon at the Redstone Arsenal Officers Club where Capt. Bart Slattery, MSFC chief of information, served as master of ceremonies, Huntsville Mayor R. B. Searcy, Jr., noted health department regulations in this field and the frequent attempts to park in residential areas where adequate zoning laws will force them to vacate.

W. L. Halsey, Jr., Huntsville industrial expansion committee chairman, tracing that group's activities since 1945 when the

Teachers are elected for Bay school system

Election of the faculty for the 1963-64 session and how to finance construction of the rest rooms and concession stand building at the new city school stadium were among major items considered by trustees of the Bay St. Louis Separate Municipal School District at their March meeting Monday night.

Teacher recommendations of Superintendent J. D. McCullough were approved on the motion of J. W. Watts, Jr., seconded by Sam Whitfield, after close study of the list. Some shifts in subjects were made as the system prepares for growth.

The superintendent said that three more teachers will be provided in the white schools through the increase in average daily attendance increase which governs state allocations and he hopes to fill those posts promptly. There is no change in the Negro enrollment but he will need two new faculty members in that division as replacements for those who do not plan to return for one reason or another.

(Cont. on Page 4)

McCullough termed the roster

as the "strongest faculty" he has ever had. He presently requires a high school librarian and two elementary teachers in the white division.

This is the list, by subject, as approved:

Bay High School-Wayne Alliston, Jr.; Toy Tedford, both mathematics; Julia Blaize, social studies; W. J. Cameron, Jane Dukes, both business education; Edna Clay, Mrs. Louise Curet, Mrs. Merle Little, all English; Mrs. O. W. Delph, social studies and English; Mrs. J. E. Erwin, homemaking; Franklin Ladner, guidance; Venda Mae Ladner, Spanish and English; Marcel La-Nasa, band and French; Lance Lumpkin, coach and physical education; Robert Magee, science; Wilmer Seymour, physical education and driver's training; Mrs. Toy Tedford, music education.

Elementary division-Alma Parker, Kermit Sharp, Clay Miller, eighth grade; Mrs. Julia Hathaway, Eugene Ladner, Luka

Concrete results

About this time every year we are asked to contribute to the American Red Cross and usually this area doesn't carry its fair share of the load. The Red Cross is our only emergency relief organization and an area which is annually threatened with hurricanes should realize the importance of that. In addition, under normal circumstances the Red Cross is the only official link for the services between the serviceman and home.

This year Hancock County's goal has been set at \$4,000 up from last year's \$3,600, of which 37 per cent will remain for use here. Four thousand dollars is a substantial but certainly reasonable sum. It seems to us that Hancock Countians respond generously to the appeals for help when a local school or church or even family is involved but for some reason we seldom hold up our end when the more important national drives are concerned. Perhaps we don't realize the need for these organizations or maybe prefer something where we can locally and in concrete way see the results.

Anyhow, there's a mild threat in the Red Cross drive this year right when we are anticipating a major upswing in our population and economy. Unless Hancock County raises a minimum of \$3,000 of the \$4,000 goal, the local office will be closed.

Then, at least, we can have the dubious pleasure of seeing the concrete result of our failure.

The public hearing on Bay St. Louis proposed zoning law is appropriately scheduled for County Attainment Day.

Thank you Our Readers Write

Editor, Sea Coast Echo:

Having been the recipient of the first prize in the Coastride anti-litter contest, sponsored by the Coast Council of Garden Clubs, we of the Bay Waveland Garden Club wish to thank you for the very fine publicity you gave this project. Your whole hearted cooperation played a most important part in winning this coveted prize.

Through you we would also like to thank the city officials, the Chamber of Commerce and the many people who worked on this program.

Gratefully,
The One Hundred Members of
the Bay Waveland Garden Club.

Editor, Sea Coast Echo:

I was pleased to read your editorial "You have a part".

It was interesting of your anxiety to have news to print and to inform our readers of what is going on in our county.

ONE MAN'S GUESTIMATE - What will be the impact of the Mississippi Test operations on the area was prognosticated in this way by Marion L. Kent, assistant to the deputy administrator of NASA's Marshall Space Flight Center, when Hancock and Harrison County leaders toured the Huntsville installations last week. He emphasized this is an estimate and may well be conservative.

3 teen-agers hurt as car runs into pole

Three teen-agers were treated for incisions at Hancock General Hospital early Saturday night as the result of a one-car collision at Second Street and Carroll Avenue, City Policeman Latham Garriga reported.

A 1947 De Soto driven by Michael Cronin, 18, struck a utility pole with such force electric service in the neighborhood was temporarily interrupted.

Words on paper. They are mightier than swords, more durable than empires. Today, as always, words on paper remain the fundamental currency in the marketplace of ideas.

Words can inform, illuminate, influence, explain, create wants, trigger action. No thought is too subtle... for words. No emotion is beyond the reach... of words.

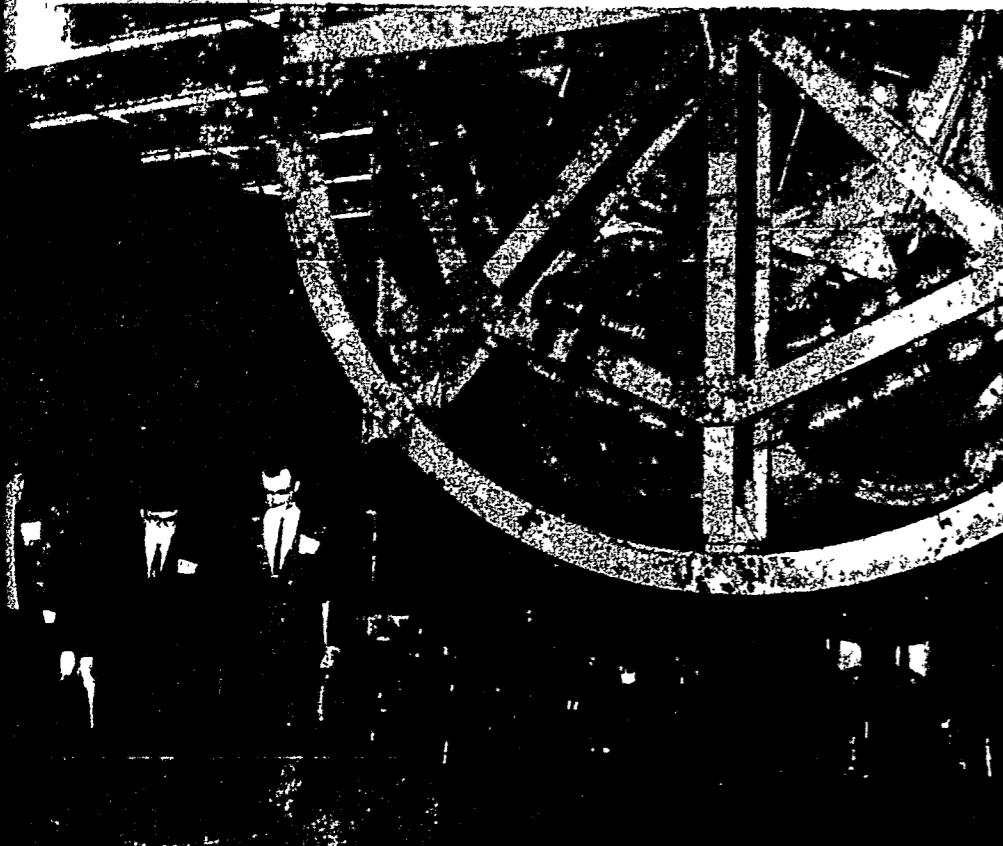

The local newspaper is an institution that lives by words that express facts with fairness. Because of their record of integrity in this country, people believe and trust newspapers... and they trust the advertising they carry, too.

The mightiest advertising appeal consists of a good idea, expressed in exactly the right words, and delivered to the maximum number of readers. On a typical day, the daily newspaper can deliver an advertising message to 47 million U.S. households... to 80% of the adult population.

That's a mighty advertising medium that's mighty effective.

Highway department to erect litter signs on U.S. 90

Hancock County Chamber of Commerce has been notified by A. M. White, traffic control and safety engineer of the State Highway Department, that anti-litter signs will be erected on U. S. 90 through Bay St. Louis following a request by the local chamber to Commissioner John D. Smith for these signs.

White also said a study will be made of another request by the chamber for blinder lights at the approaches of the three signal lights on U. S. 90 through Bay St. Louis. It was noted that because of the east-west direction of the highway glare of the sun at certain times of day made it almost impossible for passing motorists to notice the signals, creating hazardous driving condition.

SUCH BONDS.

PUBLIC NOTICE is hereby

given pursuant to a resolution
adopted on the 5th day of March,
1963, by the Mayor and Board
of Aldermen of the Town of
Waveland, Mississippi, that it
is the intention of said Mayor
and Board of Aldermen to issue
combined water and gas system
revenue bonds of said Town in
the maximum principal amount
of Five Hundred Twenty-one
Thousand Dollars (\$521,000) for
the purpose of extending and im-
proving the combined waterworks
and natural gas transmission and
distribution system and refunding
the outstanding combined water

Mississippi State University will meet Loyola of Chicago Friday night at Lansing, Mich., in first-round NCAA basketball tournament. The fact that State will play a hoop contest isn't a measure - for the first time in history a state-supported Mississippi athletic team will be knowingly allowed to play Negro players.

Not only has Negroes on the team - but four of the starting members of that race. We'd like to take this opportunity to thank our university president, Dr. W. D. Colvard, the state and all alumni and interested parties whose letters had influence on the decision, and even Gov. Ross Barnett who didn't halt the whole matter (as we expected the man to do).

The Safety Shield provides an independent air chamber...an inner tire that puts a "spare" where it's needed most—in the tire on the road.

The Steel-Cord Safety Shield has double plies of high tensile steel mesh and Nylon cord. It puts a "shield of steel" between the driver and the danger of blowouts or inconvenience of punctures.

If a vicious road hazard should rip the outer tire, the Captive Air "inner spare" instantly supports the load...for 100 miles or more...no stopping or road side tire changing...to a service point at the driver's convenience.

The superior first line safety of the Double Eagle and the protection of the Captive-Air Steel-Cord Safety Shield combine for unsurpassed protection and maximum confidence the finest protection for the driver, his family and his car.

We invite you to look into this safety protection. There is of course, no obligation...except to your family's safety...and we have the change over plan that pays you on exceptional allowance for your present tires (up to the full list price)...phone us now. HO-5171.

TWO MOTHERS, MRS. LAGARDE AND MRS. FAVRE, RECOGNIZED BY BOY SCOUT SONS.

CAMPUS QUEENS — Selected to reign as 1963 campus queens at Bay High School are, top row, from left, Kay Dorich, daughter of Mr. and Mrs. Nicholas Dorich; Jeralyn Jones, daughter of Mr. and Mrs. R. L. Jones, seniors; Carol Ann Smith, daughter of Mr. and Mrs. Olige Smith; Elaine Miller, daughter

of Mr. and Mrs. Arthur Miller, juniors; Patsy Carver, daughter of Mr. and Mrs. C. O. Carver; Peggy Masser, daughter of Mr. and Mrs. W. H. Masser, sophomores; Terry Gande, daughter of Mr. and Mrs. Ormer Gande, and Carol Ann Bilbo, daughter of Mrs. Lillian Carver and the late Matthew Bilbo, freshmen.

begin lining up dates.

Freda Perniciaro will be among those on the program when Peril River College has its annual senior day program Thursday, March 28, when several hundred students presenting a number of high schools in the area are expected to visit the campus. Freda will direct religious facilities of the college.

A belated happy birthday wish goes to Kathleen Malone who was listed at a large party hosted by her mother, Mrs. Lou Malone, at the Legion House last Friday, on the occasion of being 14.

Sorry to hear that Charlotte Price is confined to her Jeff Davis home with influenza.

This has been a busy week for local Girl Scouts who are observing the 50th anniversary of their founding during National Girl Scout week. Members of all

troops attended their churches in full uniform last Sunday. Both Girl and Boy Scouts will assist in the current anti-litter drive. They are to meet Bay-Woodland Garden Club members at the Garden Center Saturday morning and will distribute litter bags to homeowners between 10 a.m. and noon.

Girl Scout troop 120 enjoyed a World Girls Party at the home of their leader, Mrs. J. W. Clark, last Friday night. Mr. and Mrs. Paul Fasserman spoke on inter-

national friendship and Mrs. J. A. Evans entertained the group with stories of early days in the community. The girls remained for a chamber party.

Billy Sander's friends will be

interested to know he's still studi-

ing German and seems quite content, except for the fact that he isn't too fond of the exceedingly cold winter.

TEEN TIME COMPLAINT —

This we're including in your column because it's pretty cer-

tain that youthful offenders are

involved. Last Friday night

someone heard voices at DiSalvo's Service Station shortly

after 10 p.m. and reported same.

Lagarde, Favre boys receive scouting awards

Two Bay St. Louis youths were among 70 Boy Scouts from throughout Mississippi to receive the Ad Altare Dei Award, one of the top Catholic scouting honors, from Bishop Oliver Coronel of the Natchez-Jackson Diocese, at St. Peter's Co-Cathedral in Jackson last month. Each boy pinned a miniature of the award on his mother.

Recipients from Bay St. Louis were Frank W. Lagarde, Jr., son of Mr. and Mrs. Lagarde, and Gary Joseph Favre, son of Mr. and Mrs. George Favre.

Frank is a freshman at St. Stanislaus College and has been an altar boy at Our Lady of the Gulf Church for six and one-half years. He is a little short.

MRS. LYRON W. SMITH, JR.

Smith-Holman loves spoken at RAF chapel in England

The Royal Air Force Base Chapel at Alfordbury, Hants, England, was the scene at 2:30 p.m. Saturday of the wedding of Miss Karen Holman, second daughter of the Rev. Myron W. Smith, Jr., son of Mr. and Mrs. Smith of Bay St. Louis, La. Col. John Ferguson, base chaplain, performed the double ring ceremony.

The bride, daughter of Mr. and Mrs. Aaron G. Holman of St. Joe, Ind., was given in marriage by Capt. Benjamin Youngblood of Brookhaven, cousin of the groom, in the absence of her family.

Miss Judy Easton of Ft. Wayne, Ind., was maid of honor. Her other attendants were Miss Kay Wehmiller of Kendallville, Ind., Mrs. Wesley J. English of Northport, Pa., 2nd Lt. Sandra L. Hull of Camden, Mich., and Capt. Iris L. Jackson of Dilton, S. C.

Miss Julie Whalen of Brington, Hants, England, was flower girl and Peter Whalen, also of Brington, was ring bearer.

Dr. Ronald Higel of Venice, Fla., was best man. Serving as groomsmen were Dr. Wesley J. English of Northport, First Lieutenant John Gladden of RAF Alfordbury, First Lieutenant Ray Tackett of Baltimore, Md., and Dr. George W. Jackson of Rhein Main Air Force Base, Germany.

In the honor guard were Dr. George Miller of Atlanta, Ga., Dr. Joe Narged, Dr. Theodore Friedman, both of Philadelphia, Pa., First Lieutenant Mendel L. Cho-

vitz of Norfolk, Va., First Lieutenants P. Brown of Portsmouth, Va., and First Lieutenants Gary Cummings of Birmingham, Ala.

Traditional capital music was provided by Miss Brunswick Band of Cambridge, England, organist, and Miss Wehmiller, violinist.

A reception followed at the base officer's club where Miss Karen Holman of Cambridge kept the guest register. The couple left afterwards on a two-week trip to points of interest in Italy and the Isle of Capri.

The bride, stationed with the 10th Tactical Hospital unit of the U. S. Air Force at RAF Molesworth, England, had graduated from Auburn University and is a veterinarian assigned to the 10th Tactical Hospital unit at RAF Alfordbury.

LUXURY CAR: RIDES, RESPONDS AND LOOKS LIKE IT OUGHT TO COST A RANSOM

You're looking at our Impala Super Sport Convertible which, along with its cousin the Sport Coupe, absolutely embarrasses higher priced cars.

That special trim and those front bucket seats merely hint at the comforts you find built into every Impala Super Sport.

Performance? It's remarkable, an understatement we can afford when there are 7 engines to choose from. One of which is the popular 340-hp Turbo-Fire 409°, a wizard in traffic and a joy on the open road. And others all the way up to 425 hp.

If you want an extra flourish or two, mull over extra-cost options like floor-shift four-

Miss Vandiver is to marry W.A. Swords

The engagement of Miss Mary Evelyn Vandiver to William Arthur Swords is announced by her parents, Mr. and Mrs. James Nelson Vandiver of Baldwyn, Mr. Swords is the son of Mr. and Mrs. O. O. Swords of Bay St. Louis.

Miss Vandiver is the granddaughter of Mr. and Mrs. Edward Payne McCarthy of Baldwyn and of Mrs. James Con Vandiver and the late Dr. Vandiver also of Baldwyn.

Grandparents of the prospective groom are C. A. Swords of Picayune and the late Mrs. Swords and the late Mr. and Mrs. William E. Rankin of Sandy Hook.

The bride-elect is a graduate of Baldwyn High School and Mississippi State College for Women. For the past two years she has been a member of the faculty of the Number Two public schools.

Mr. Swords, a graduate of Prentiss High School and Pearl River Junior College, received his BS degree in industrial engineering from Mississippi State University. He is presently with the National Aeronautics and Space Administration in Huntsville, Ala.

An early June wedding is planned.

LENTEN VESPERS

Rev. Charles R. Johnson, rector of Christ Episcopal Church, will preach at the Lenten vespers service at 5 p.m. Sunday at First Presbyterian Church. Morning worship will be at 11 a.m. with the pastor, Rev. E. A. Lindsey, talking on Persons at the Cross.

Graduates of Rivertdale High School, St. Joe, Ind., and Parkview Methodist School of Nursing in Ft. Wayne, Ind., Dr. Smith attended Loyola and Mississippi State Universities and was graduated from Auburn University as a veterinarian assigned to the 10th Tactical Hospital unit at RAF Alfordbury.

Others present were Messengers Eric Maehl, Norman Richardson, Ron Goettig, Harry Scharf, Fred Phillips, Winthrop Baker, Kenneth Teague, Mack Canaga, Harold Cook and George Cook, a graduate from Loyola.

Further plans for the Presbyterian District 6 conference here March 22 were discussed when the morning circle of the Women of First Presbyterian Church met last Wednesday with Mrs. George Campbell.

Mrs. Walter Russo presided and Mrs. Edward Calvin read the minutes and gave the treasurer's report. A bible study on the Parables in Matthew was presented by Mrs. Carl Anderson, Jr.

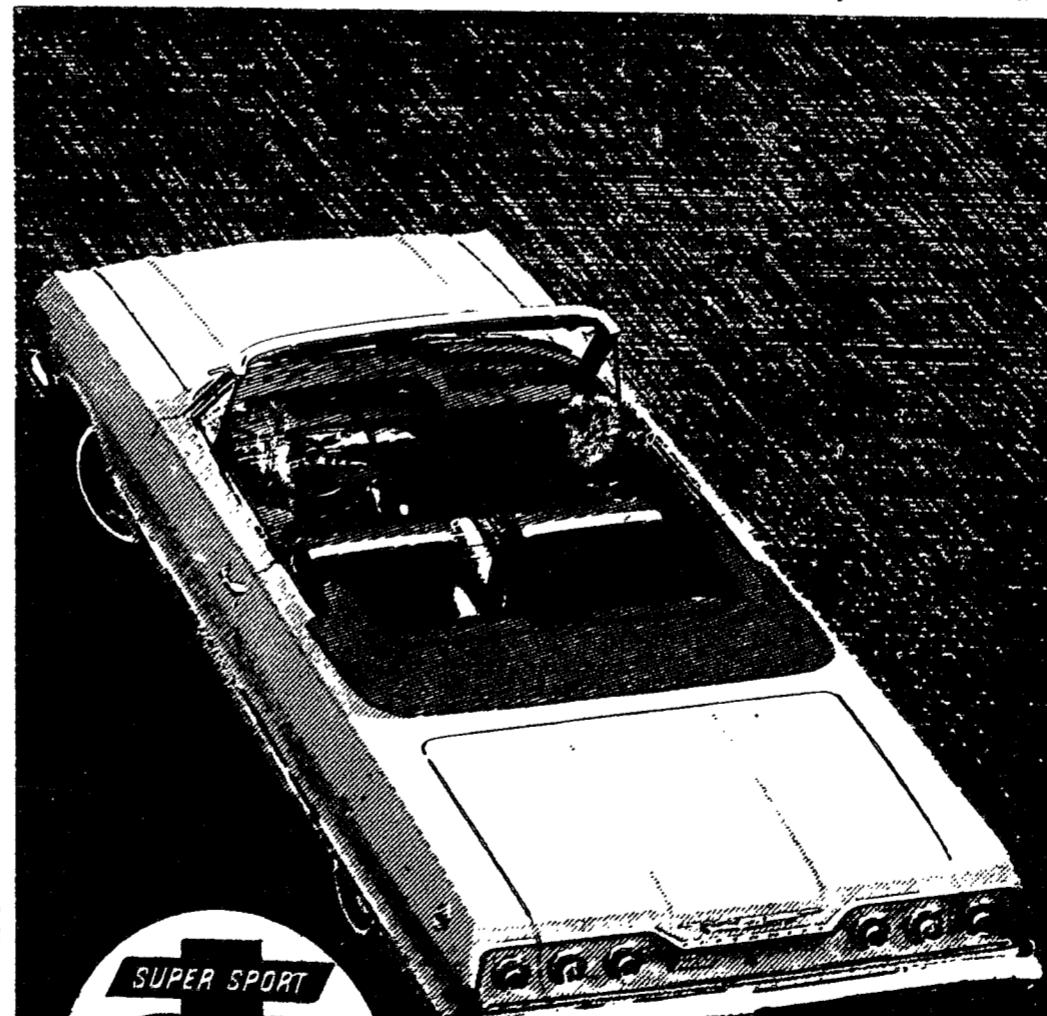

Others present were Messengers Eric Maehl, Norman Richardson, Ron Goettig, Harry Scharf, Fred Phillips, Winthrop Baker, Kenneth Teague, Mack Canaga, Harold Cook and George Cook, a graduate from Loyola.

Polly-peers

Everything is pretty quiet at present—the few who don't have flu, Asian flu, grip, Creole grip, or what ever one chooses to call the malady that has more than passed epidemic proportions at this stage of the game, are liberating hoping to escape the bug! As we are at present in the process of recuperating from what must have been a somewhat mild attack, we'll give you fair warning, if you have to leave the country to avoid contamination, do it! So far we've heard of no local fatalities, but when every nerve, muscle, bone and even each bit of tissue aches unbearably and every breath is sheer torture one doesn't seem to care very much what happens! So we'll send congratulations to those who remain healthy, sympathy to the ones well on the road to recovery and say nothing to those who are suffering at the moment because they won't feel like reading this anyway!

On the sick list

Thelma Landry is feeling much better after having been released from Hancock General last week—as is Willie Bourgeois. He was under treatment for pneumonia. Ann Skippey, Cleo Smith, Edith Cox, Vi Cunningham, Claire and Fred Bourgeois are up and about again. . . they all had flu. Claire and Otto Bourgeois' little boys are also on the mend—they contracted the same illness while Claire was in the hospital with the new baby—just to be different the Charles Johnsons' little ones, Kathy and Charlie picked up scarlet fever. . . they too are better.

Mrs. Joseph Kelly has a lovely brand new station wagon. . . she acquired the vehicle to transport her German shepherds in comfort. Margie Keough and daughter Margie, Jr., (Mrs. Joe) Church were displaying very colorful and elaborate hair-dos last week. Little Margie's was a firm prize winning creation by Mr. Hearn which she modeled at the Carnival of Colors style show in New Orleans last Monday.

Mrs. James Evans' Beach Blvd. home was beautifully decorated with arrangements of pink and white spring flowers for the Pink Ladies annual membership tea last Wednesday. The group was viewed at Bienville tv yesterday evening—more favorable publicity for a worthwhile local organization.

Despite the fact that Mrs. Harris Bedreum, chairman of the comic section show sponsored by Our Lady of the Gulf Parents Club, is confined to her home with flu, tickets for the show are selling rapidly and 500 extra have been ordered. Some who'll be lending their modeling talents to this affair include Lucie Kidd, Joe Bentiventi, Junior Johnson, Dot Phillips, Nellie Letacano, Catherine Materna, Mrs. Victor Franchievitz, Juanita Polite and Ann Skippey.

Flora (Mrs. Alden) Manifay is proudly displaying pictures of her adorable grandchildren playing in snow in their new Michigan home. She reports that Julie and Larry are happy but she hates to write them about our currently balmy weather as they still have at least a couple more months of winter chill to look forward to.

Gertrude's green thumb

Don't know whether or not we have the nerve to congratulate Gertrude Peavy on winning the Bay-Waveland Garden of the Month—when we attempted to offer felicitations on the phone she offered congratulations of her own for something we most assuredly are not in line for—thank goodness! This must sound more than a little confusing to the average reader but Gertrude and a couple of practical jokers who'll go unnamed will understand. We'll just comment on her beautiful tulips and let it go at that.

Freddie Gersner, who had the Crescent City version of the currently prevalent ailment, was forced to hop out of bed Saturday and drive over to check on his Clemons Harbor home. Gersner's Villa, which was broken into for the second time in less than a month—George Wesner, who is also ill, called him and reported broken windows, etc. He and Mrs. Gersner discovered blankets and pillows missing. . . nothing else had been disturbed. . . quite curiouser and curiouser.

On the sports front:

Franz Favre caught an eight inch perch in a small mud puddle last Sunday a.m., and before you ask what either of us was or is drinking, let me hasten to explain. . . he and Bill Favre were out shortly after a deluge had obviously washed the fish from a nearby pond. . . he noted something jumping in the puddle and thinking it to be a frog, grappled it with his hand (lucky it wasn't a moccasin)—before the game wardens descend (we're aware that grappling is unlawful), we'll add that he returned the perch to the safety of the pond.

Carmelita Sanchez has been

kept even busier than usual helping nurse her grandson, Ricky Courtney, who has been very ill with flu. . . Teddie Thomas is another in line for get well wishes—he's been hospitalized with double pneumonia. Jean Giannelli is also a patient in Hancock General. . . she was taken suddenly ill Saturday night—but friend Richard Holmes asked us to express his appreciation to deputies in both Harrison and Hancock County for their cooperation in speeding her to the hospital. Hope you're feeling better Katherine (Mrs. Morris) Miller—the too has been a patient in the local hospital—suffering from heartitis in her chest.

Miss Jones.

Mr. Robin are to wed

Of wide social note this week is the announcement of the engagement of Miss Helen Beatrice Jones, daughter of Mrs. Helen Chapman Jordan of Atlanta, Ga., and Albert Edward Jones of Macon, Ga., to Theodore Tydings Robin, Jr., son of Mr. and Mrs. Robin of Bay St. Louis.

The wedding will be solemnized June 8 at St. Paul's Episcopal Church in Macon.

Miss Jones was graduated from A. L. Miller High School for girls in Macon and attended the University of Georgia where she was a member of Alpha Delta Pi sorority. She will receive her bachelor of arts degree in June from Agnes Scott College in Decatur, Ga. She is the granddaughter of Mr. and Mrs. James Thomas Chapman of Macon and the late Mr. and Mrs. Albert Edward Jones, also of that city.

Her fiance, whose mother is the former Miss Hazel Corbin of Homma, La., daughter of the late Mr. and Mrs. John Curry Corbin of Homma, was graduated from Merion Military Institute in Merion, Ala. He received his bachelor of science degree in mechanical engineering from George Institute of Technology where he was a member of Kappa Alpha. He has completed requirements for a master's in nuclear engineering and is now working toward a doctorate in that field at Georgia Tech. The groom-elect also is a grandson of the late Mr. and Mrs. Ernest Collins Robin of Jackson.

Alvin Smith, Jr., at their Kenner home.

Mr. and Mrs. George Herzog and Mr. and Mrs. C. J. Noonan spent last week in their summer houses on Peron and Middle Streets respectively. We'll be seeing quite a bit of the Noons as Mr. Noonan recently retired from the L. and N. We're late but wish to extend sympathy to Mrs. Herzog on the recent death of her mother Mrs. Orleana Bowers, who passed away in Westwego on Feb. 1.

a good free cigar source these days—wife Barbara presented him with their third child and first son at 9:30 p.m. Saturday. The young man to be christened Richard Herman, Jr., weighed eight pounds, 13 ounces. Miriam and Walter Damians are proud maternal grandparents.

Thelma Landry and Ann Seppey are beaming grandmothers—Barbara and Donald Landry's second child and first daughter arrived somewhat prematurely in New Orleans Sunday. Little Tracey Ann weighed in at four pounds, 11 ounces—both momma and baby are doing fine.

Weekenders

Lots of weekenders—Uncle Bob Stier visited Yvonne and Eddie Virgilio—the Harry Blumkes arrived for the first time in ages... also visited the Richard Hugens working around Chateau Hagen on Waveland Avenue. Others included Carmen and Dan Kirschenheiter, Jeanne and Fred Lister, Shirley and Ed Howking, the Louis Repps, Camille Prutting, Emmie and Eddie Montgomery—Eddie incidentally looks just wonderful—it's hard to believe he was so very ill just a couple of months ago.

Happy birthday greetings go to the Leinfarts, Margie and Jay. Margie will cut her cake tomorrow, and Jay celebrated Monday. Little Marianne also has a birthday coming up—her's will be March 29.

Things new

Stell and Bill Johnston moved into their brand new Paradise Point home Monday.

Speaking of new possessions, Shirley Sewell appears to be enjoying her recently acquired midnight blue compact car. Mrs. W. H. Benham can also be seen driving around town in her new vehicle, as is Ted Robin.

Blue Jeans Garden Club members will celebrate at their annual birthday luncheon at noon Monday.

Mr. and Mrs. Morris Hennessy and daughter Pat of Chicago, Ill., leave today after spending two weeks visiting their cousin, Lee Moffett and Mrs. Moffett at their Clermont-Harbor home. The Hennessys were so impressed with the coast, and especially the seafood, they purchased a lot in Waveland and will make their home there upon Mr. Hennessy's retirement.

Merie and Bert Stieffel's names are to be added to the Bay-Waveland Garden Club's roll of honor for their beautiful landscaping job on their Carroll Ave.

but not before they had demolished the pay phone in front of the station. We can't understand what possible pleasure anyone could derive from such wanton destruction and hope that our readers wouldn't stoop to such foolishness... but if you happen to report to school just long enough to take the tests, Seniors may also leave school by the front door, share the parking lot with teachers, and show up only for graduation rehearsals the final week of school. Most have decided that they will do after graduation and those who did not take ACT exams Feb. 23, plan to do so next month.

Heard that quite a group gathered on the Beach at Henderson Point last Friday night and that started out to be a small gathering turned into quite a large impromptu party.

Millie Uster, who will receive her Phys. Ed degree from Southern in June, is getting in lawn.

Mrs. C. R. Beyer, heart fund chairman, is most pleased with the wonderful job done by Waveland Home Demonstration Club members in their house to house collection and also expresses appreciation to Waveland School children for their part in raising funds for the drive.

Juvenile get well wishes go to Little Ann Lorraine Kidd who came down with measles Monday and to Roland and Gil Longley both have chickenpox.

SIGHTS AND SOUNDS ALONG THE WAY—Snowy clouds of plum and pear blossoms mingling with soft pinks of redbud and Japanese magnolias, fledgling herons balancing precariously on toothpick underpinnings, the annual boat-behind-car caravan beginning once again to wend its way waterward and sounds of activity as warm sunshine brings the "summer people" to reopen their houses, raise their yards and clean out barbecue pits.

her practice teaching at Bay High. Rhonda Osborne has been selected as Co-Ed magazine correspondent at Bay High.

Seniors at that institution are now taking full advantages of privileges granted only to them... All having an average of 85 or over are exempted from final examinations—others have to report to school just long enough to take the tests. Seniors may also leave school by the front door, share the parking lot with teachers, and show up only for graduation rehearsals the final week of school. Most have decided that they will do after graduation and those who did not take ACT exams Feb. 23, plan to do so next month.

Three local girls making names for themselves at the University of Southern Mississippi are Sue Breath, Pannie Sue Webre and Nita Kay Ervin. Sue has been elected to office in her sorority, Pannie was chosen an alternate in best dressed on campus competition and Nita Kay will be one of the members of the Modern Dance Club presenting Adventures in a Paramount in the annual Laura May Hill Memorial Dance Concert tonight.

Get well wishes go to Jackie Ferrell who cut her foot so severely Sunday 12 stitches were required to close the wound. Edith Traub, sophomore at MSCW spent the weekend at Southern where she attended the Military Ball.

Basketball intramurals were held Friday night in the gym. The freshmen, as Buccaneers, came out first, winning three firsts and a second out of the four categories of ticket sales, decorations, cheering and the actual playing.

The sophomores, Flippers, were second with the juniors as Seacrests third and the Matadors, or seniors, fourth.

Some of the high school girls are coaching the teams from OLG for their basketball intramurals which will be held on March 30.

The student body will vote this week for three candidates for queen of the spring festival which will be April 20. Seniors to be eligible must have a 2.5 scholastic average, B in deportment and active in at least one organization. The girls eligible for queen are:
